CIVIL AIR REGULATIONS DRAFT RELEASE NO. 61-12A

SUBJECT: First Federal Aviation Agency Airworthiness Review

In the notice of proposed rule making on this subject (Draft Release No. 61-12) published in the Federal Register on June 8, 1961 (26 F. R. 5130), it was stated that consideration would be given to all relevant comments received on or before August 7, 1961.

The Aerospace Industries Association has requested an extension of the deadline for comment because of difficulties in scheduling industry meetings for the discussion and evaluation of the proposals in Draft Release No. 61-12. A three-week extension has been requested and is being granted.

Therefore, pursuant to the authority delegated to me by the Administrator (14 CFR 405.27), notice is hereby given that the time within which comments will be received is extended to August 28, 1961. Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room B-316, 1711 New York Avenue, N. W., Washington 25, D. C. All comments submitted will be available in the Docket Section for examination by interested persons when the prescribed date for return of comments has expired.
